On the cover: PowerROC T45 is a top-hammer drill rig optimized for larger construction work and quarry applications where simple flexibility in positioning is required. The straightforward design, with excellent hydraulic base drill and productivity, makes it a powerful, reliable, and operator friendly rig.

Epiroc interim report Q3

- Orders received increased 8% to MSEK 15 520 (14 360). The organic increase was 6%.
 - Large orders amounted to MSEK 1 400 (1 000).
- Revenues increased 5% to MSEK 15 699 (14 997). The organic increase was 3%.
- Operating profit amounted to MSEK 3 277 (3 260), including items affecting comparability of MSEK 191 (-12)*. The operating margin was 20.9% (21.7).
- The adjusted operating profit was MSEK 3 086 (3 272), corresponding to an adjusted operating margin of 19.7% (21.8).
- Basic earnings per share were SEK 1.92 (1.85).
- Operating cash flow was MSEK 1 789 (1 889).
- Net debt/EBITDA ratio was 0.97 (0.49).
- The acquisitions of ASI Mining (remaining shares) and ACB+ were completed.

CEO comments

Strong mining demand

In the third quarter, orders received increased 8% to MSEK 15 520 (14 360), corresponding to an organic growth of 6%. The demand from mining customers was strong and several large mining equipment orders were won. In total, large orders were record-high at MSEK 1 400 (1 000), contributing to an organic order growth for equipment of 11%. For construction, as anticipated, demand remained weak, especially for attachments, where orders slowed further in the United States.

In the near term, we expect that the underlying mining demand, both for equipment and aftermarket, will remain at a high level, while demand from construction customers is expected to remain weak.

Revenues and profitability

Our revenues increased 5% to SEK 15.7 billion, driven by organic growth in Equipment & Service and by acquisitions in Tools & Attachments. Our EBIT increased slightly to MSEK 3 277 (3 260) and included items affecting comparability of MSEK 191 (-12).

The adjusted operating margin, EBIT, was 19.7% (21.8). The lower margin compared to the previous year is mainly explained by mix effects within Equipment & Service, where we have stronger revenue growth in equipment than in the traditional service business, as well as dilution from the acquisition of Stanley Infrastructure. On a Group level, the dilution from acquisitions was -1.3 percentage points.

Sequentially, efficiency measures have yielded results, and the organic contribution to the margin was positive. The workforce was reduced by 450 in the quarter and by 1 000 year-to-date for comparable units. Several efficiency measures are ongoing, including the consolidation of sites in the United States.

Cash flow and working capital

Operating cash flow was MSEK 1 789 and the net working capital was MSEK 24 395. Sequentially, the net working capital was reduced with MSEK 650, driven mainly by lower inventory, which was reduced by MSEK 1 171.

Strategy for resilient, recurring and profitable growth

In September, in conjunction with the world's largest mining exhibit, MINExpo, we hosted our Capital Markets Day. The main purpose of the event was to provide insight into how Epiroc is positioned for profitable, resilient growth in an ever-changing world. We provided updates on the progress of our financial and sustainability goals. Within safety, both when it comes to our offering and our own improvements, we have seen particularly good progress. We shared details of our market-leading position in electrification and automation, which includes more than 600 electric vehicles and 3 100 vehicles with our safety and mixed fleet automation solutions.

Innovation highlights at the MINExpo

At MINExpo in Las Vegas, with over 44 000 guests from 126 countries, we showcased many of our groundbreaking innovations. One innovation that attracted significant interest was the large-capacity Minetruck MT66 S eDrive, a hybrid with both an electric drivetrain and a powerful diesel engine. Epiroc aims to remain in the forefront of a rapidly changing industry by offering the most effective solutions within automation, electrification and digitalization.

Passionate people create exceptional things

During my visit at MINExpo, I had the pleasure to interact with many customers and it is clear that our approach to partnership is highly valued. I applaud the efforts of our passionate employees to provide our customers with solutions that make their operations safer, more productive and more energy efficient, while at the same time strengthening Epiroc for the future.

Helena Hedblom

President and CEO

Orders and revenues

Financial overview

	2024	2023	
MSEK	Q3	Q3	Δ, %
Orders received	15 520	14 360	8
Revenues	15 699	14 997	5
EBITA	3 896	3 533	10
EBITA margin, %	24.8	23.6	
Adj. operating profit, EBIT	3 086	3 272	-6
Adj. operating margin, EBIT, %	19.7	21.8	
Operating profit, EBIT	3 277	3 260	1
Operating margin, EBIT, %	20.9	21.7	

Orders received

Orders received increased 8% to MSEK 15 520 (14 360). The organic increase was 6%. Customer activity remained high in mining. On the construction side, demand remained weak, especially for attachments, where orders received weakened even further in the United States. Structure (acquisitions) impacted the growth positively with 6%, while currency impacted negatively with -4%.

Compared to the previous year, orders received in local currency, including acquisitions, increased in Europe, Asia/Australia, South America and North America, while it decreased in Africa/Middle East. The comparable period, Q3 2023, in Africa/Middle East includes Epiroc's largest equipment order in history, MSEK 700.

Mining customers represented 78% (86) of orders received in the quarter and construction customers 22% (14). The increase in construction compared to the previous year is mainly explained by the acquisition of Stanley Infrastructure.

Sequentially, compared to the previous quarter, orders received decreased -3% organically.

Revenues

Revenues increased by 5% to MSEK 15 699 (14 997), corresponding to an organic increase of 3%. Acquisitions impacted revenues positively with 6%, while currency impacted negatively with -4%. The book-to-bill ratio was 99% (96).

The aftermarket represented 67% (67) of revenues in the quarter.

Total	17	-0.8
Q3 2024	3 277	20.9

* Includes operating profit/loss from acquisitions and divestments and items affecting comparability (incl. change in provision for share-based long-term incentive programs).

Operating profit, EBIT, amounted to MSEK 3 277 (3 260), including items affecting comparability of MSEK 191 (-12). These include a positive revaluation effect of the shares held prior to the acquisition of ASI Mining and an impairment of acquisition-related intangible assets in Equipment & Service for a net effect of MSEK 208 (see page 21), as well as a change in provision for the share-based long-term incentive programs of MSEK -17 (-19). The operating margin, EBIT, was 20.9% (21.7).

The adjusted operating margin, excluding items affecting comparability, was 19.7% (21.8). Compared to the previous year, the negative margin development is mainly explained by dilution from acquisitions. In addition, the margin was also negatively impacted by mix effects, such as a higher share of revenues from equipment. Currency contributed positively to the margin. The dilution from acquisitions was -1.3 percentage points. Sequentially, efficiency measures have yielded results, and the organic contribution to the margin was positive.

Net financial items amounted to MSEK -264 (-331). Net interest increased to MSEK -250 (-146), explained by higher interest-bearing debt and an increased average interest rate.

Profit before tax was MSEK 3 013 (2 929). Income tax expense amounted to MSEK -690 (-685). The effective tax rate was 22.9% (23.4). Profit for the period totaled MSEK 2 323 (2 244). Basic earnings per share were SEK 1.92 (1.85).

Return on capital employed was 21.5% (27.8), negatively impacted mainly by increased intangible assets, such as goodwill from acquisitions. The return on equity was 22.6% (27.9).

Balance sheet

Net working capital

Compared to the previous year, net working capital increased 6% to MSEK 24 395 (22 978). The increase is mainly explained by lower payables. Sequentially however, the net working capital was reduced with MSEK 650, driven mainly by lower inventory. The average net working capital in relation to revenues in the last 12 months was 38.0% (34.8).

Net debt

Epiroc ended the quarter with a cash and cash equivalents position of MSEK 7 129 (6 330). The net debt was MSEK 15 152 (7 643). The net debt/EBITDA ratio increased to 0.97 (0.49), driven by an increased debt level after acquisitions. Sequentially, the net debt/EBITDA decreased.

The average tenor of Epiroc's long-term debt was 4.3 years. The average interest duration was 20 months (19) and the average interest rate at the end of the quarter was 4.41% (4.16).

Cash flow

Operating cash flow

Operating cash flow amounted to MSEK 1 789 (1 889). It was negatively impacted by lower operating profit adjusted for non-cash items, while positively impacted by a lower build-up of working capital.

Acquisitions and divestments

The net cash flow from acquisitions and divestments was MSEK -1 080 (-7).

Leading productivity and sustainability partner

Innovations, acquisitions, and partnerships strengthen Epiroc's position as a leading global productivity and sustainability partner. Below are some highlights from the quarter.

Acquisitions – Creating options for the future

Two acquisitions were completed in the quarter. *See note 2.*

- **ASI Mining** provides mining automation systems, incl. fully autonomous solutions. Its solutions are OEM agnostic, meaning they work regardless of machine brand and fit well for mixed fleets. During 2018, Epiroc acquired 34% of the shares and on July 3, 2024, the remaining 66% outstanding shares were acquired.
- **ACB+** manufactures attachments and quick couplers used on excavators for construction and scrap recycling/deconstruction, and strengthens Epiroc's offering within Attachments. The acquisition was completed September 4.

Minetruck MT66 S eDrive

The Minetruck MT66 S eDrive, launched during MINExpo in Las Vegas in September, is the first large-capacity mine truck with both an electric drivetrain and a powerful diesel engine (hybrid). It combines the cost-effectiveness of a traditional mine truck with the productivity of an electric one, without requiring change to a mine's infrastructure. Customers enjoy 15% boost in productivity, 11% faster ramp speed and 7% fuel reduction compared to previous versions.

Large order for underground mining equipment, including battery-electric vehicles

Epiroc won a large order, MSEK 350, for underground mining equipment, including battery-electric vehicles, from Eurasian Resources Group (ERG) in Kazakhstan. Several of the machines will be operated driverless (tele-remotely), and all of the equipment will be supplied with a collision avoidance system.

A breath of fresh air

While battery-electric equipment reduces the ventilation needs in an underground mine, sufficient ventilation for people to work in the mine is still needed. With Epiroc's Ventilation on Demand technology, customers can significantly reduce energy consumption.

Equipment & Service

Equipment & Service provides rock drilling equipment, equipment for rock excavation, rock reinforcement, loading and haulage, ventilation systems, drilling equipment for exploration, water and energy, exploration tools and solutions, as well as related spare parts and service for the mining and construction industries. The segment also provides solutions for automation, digitalization and electrification.

Orders received

Revenues and book-to-bill

Adj. operating profit, EBIT	2 715	2 861	-5
Adj. operating margin, EBIT, %	22.9	24.4	
Operating profit, EBIT	2 923	2 868	2
Operating margin, EBIT, %	24.6	24.5	

Orders received

Orders received increased 5% to MSEK 11 830 (11 311). The organic increase was 9% while currency impacted negatively with -4%.

Compared to the previous year, orders received in local currency, including acquisitions, increased in South America, Asia/Australia and Europe, while it decreased in Africa/Middle East and North America. The strongest development was in South America, supported by large equipment orders.

For equipment, orders received amounted to MSEK 5 170 (4 739), corresponding to an organic increase of 11%. The large orders, i.e. orders above MSEK 100, totaled MSEK 1 400 (1 000). The share of orders from equipment was 44% (42).

For service, orders received increased 1% to MSEK 6 660 (6 572). The organic growth was 6% and reflected a continued high activity level and a good demand for digital solutions, including mixed-fleet automation solutions, as well as high demand for mid-life upgrades. The share of orders from service was 56% (58).

Sequentially, orders received decreased -2% organically for the segment.

Revenues

Revenues amounted to MSEK 11 875 (11 729), corresponding to an organic growth of 5%. Currency impacted negatively with -4%. Equipment revenues increased 8% organically, while service revenues increased 3% organically. The share of revenues from service was 56% (58). The book-to-bill ratio was 100% (96).

Equipment & Service

Sales Bridge	Equipment & Service		Equipment		Service	
	Orders received	Revenues	Orders received	Revenues	Orders received	Revenues
	MSEK,Δ,%	MSEK,Δ,%	MSEK,Δ,%	MSEK,Δ,%	MSEK,Δ,%	MSEK,Δ,%
Q3 2023	11 311	11 729	4 739	4 870	6 572	6 859
Organic	9	5	11	8	6	3
Currency	-4	-4	-4	-4	-4	-4
Structure/other	0	0	2	2	-1	-1
Total	5	1	9	6	1	-2
Q3 2024	11 830	11 875	5 170	5 178	6 660	6 697

Operating profit and margin

Operating profit, EBIT, increased 2% to MSEK 2 923 (2 868). Items affecting comparability amounted to MSEK 208 (7), including a positive revaluation effect of the shares held prior to the acquisition of ASI Mining and impairment of acquisition-related intangible assets. See page 21. The operating margin, EBIT, was 24.6% (24.5).

The adjusted operating margin, excluding items affecting comparability, was 22.9% (24.4). The negative organic impact is mainly explained by the higher proportion of equipment invoiced, as well as negative mix effects within service. Cost measures initiated earlier this year yielded positive results in the quarter, but not enough to compensate for the mix effects. Currency contributed positively to the margin. There was no margin impact from acquisitions.

Profit bridge	Operating profit	
	MSEK,Δ	Margin,Δ,pp
Q3 2023	2 868	24.5

Currency	-18	0.8
Structure/other	210	1.7
Total	55	0.1
Q3 2024	2 923	24.6

Acquisitions

In the quarter, the acquisition of the remaining shares (66%) of ASI Mining was completed, leading to a positive revaluation effect of the shares held prior to the acquisition. See note 2.

Tools & Attachments

Tools & Attachments provides rock drilling tools, ground engaging tools and hydraulic attachments that are attached to machines used mainly for drilling, deconstruction and recycling as well as rock excavation. It also provides related service, spare parts and digital solutions, and serves the mining and construction industries.

Financial overview

	2024	2023	
MSEK	Q3	Q3	Δ, %
Orders received	3 656	2 924	25
Revenues	3 809	3 195	19
EBITA	505	516	-2

Operating margin, EBIT, %	11.3	15.1	

Orders received

Orders received increased 25% to MSEK 3 656 (2 924), driven by acquisitions. The organic development was flat. It was supported by the demand for ground engaging tools from mining customers, whereas the demand from construction customers remained weak, impacting mainly Attachments, but also Tools to some extent. Structure (acquisitions) impacted the growth positively with 28%, whereas currency impacted negatively with -3%.

Compared to the previous year, orders received in local currency, including acquisitions, increased in North America, Europe, Asia/Australia and Africa/Middle East, while it decreased in South America. The growth in Asia/Australia was driven by the demand for ground engaging tools.

Sequentially, orders received decreased -6% organically for the segment.

Revenues

Revenues increased 19% to MSEK 3 809 (3 195), corresponding to an organic decrease of -5%. Acquisitions contributed with 27% while currency impacted revenues negatively with -3%. The book-to-bill ratio was 96% (92).

Acquisitions

In the quarter, Epiroc completed the acquisition of ACB+. See note 2.

Sustainability: People & Planet

Employees

Compared to the third quarter 2023, the number of employees increased to 18 908 (18 146). External workforce decreased to 1 592 (1 795). For comparable units, the total workforce decreased by -802 compared to the previous year and by -450 sequentially, as part of efficiency measures taken. The largest reduction was within service and manufacturing.

The proportion of women employees and women managers increased to 19.6% (18.8) and 24.0% (23.4), respectively.

India's first all-women mine rescue team triumphs on global stage

In the XIII International Mine Rescue Competition in Colombia, organized by the National Mining Agency, history was made. 26 elite teams from across the world joined the competition, and among them, Hindustan Zinc Limited's first-ever all-women underground mine rescue team. In this team, Alka Chindaliya, a service engineer from Epiroc India, joined, and the team secured an extraordinary 2nd place. These women have not only made history, but they have also set the stage for an even more inclusive and diverse future in mining.

Safety and health

The total recordable injury frequency rate (TRIFR) per one million working hours the last 12 months decreased to 4.4 (5.1). Actions are continuously taken to reduce injuries. The sick leave increased somewhat to 2.2% (2.1).

CO₂e emissions from operations

The CO₂e emissions from operations for comparable units* the last 12 months decreased -24% to 16 295 (21 531) tonnes. The improvement is driven by higher share of renewable energy purchased and installation of solar panels on own facilities.

* Comparable units are production companies, distribution centers and our largest customer centers 2022.

CO₂e emissions from transport

The CO₂e emissions from transport for comparable units* the last 12 months increased 18% to 106 070 (89 881) tonnes.

* Comparable units are production companies and distribution centers in 2022.

Silver medal in EcoVadis sustainability rating

With 89% target fulfilment in EcoVadis' sustainability classification, Epiroc received a silver medal. This performance is well above the industry average, and Epiroc is among the top 11% of companies.

January – September in summary

Orders received, Jan-Sep

The orders received the first nine months increased 3% to MSEK 46 031 (44 511), corresponding to an organic increase of 2%. Revenues increased 4% to MSEK 46 353 (44 775), of which 2% organically.

Profit before tax was MSEK 8 313 (9 321). Profit for the period totaled MSEK 6 377 (7 190).

Basic earnings per share were SEK 5.27 (5.94).

Operating cash flow was MSEK 5 176 (3 776).

Other information

In the quarter

- 2024-07-03 – Epiroc completed acquisition of remaining share of autonomous solutions provider ASI Mining.
- 2024-08-22 – Epiroc’s main community engagement initiative “Water for All” celebrated 40 years of changing lives.
- 2024-09-04 – Epiroc completed acquisition of French manufacturer of excavator attachments, ACB+.
- 2024-09-04 – Epiroc to expand rock drilling tools manufacturing facility and opens innovation center in Hyderabad, India.
- 2024-09-09 – Epiroc won a large mining equipment order in Australia.
- 2024-09-24 – Epiroc hosted a Capital Markets Day (CMD) for institutional investors, analysts, and financial media in Las Vegas, United States.

After the period end

- 2024-10-03 – Epiroc announced Nomination Committee for the Annual General Meeting 2025.
- 2024-10-07 – Epiroc diversified its financing with sustainability-linked NIB loan of MUS\$ 150 (MSEK 1 555).
- 2024-10-08 – Epiroc announced a large mining equipment order in Australia of MSEK 335 (reported in Q3).
- 2024-10-08 – Epiroc announced a large mining equipment order in Kazakhstan of MSEK 350 (reported in Q3).

Key risks

Epiroc is exposed to strategic, operational, legal and compliance as well as financial risks. The key risks include climate change and environment, competition, geopolitical and regulatory, market, corruption and fraud, cyber security and information risk, employees, product development, production, reputation, safety and health, and supply chain. Further information on risks, opportunities and risk management can be found in Epiroc’s Annual and Sustainability Report 2023.

Signature of the President

The President and CEO of Epiroc AB declares that the interim report gives a fair view of the business development, financial position and result of operation of the Parent Company and the consolidated Group, and describes significant risks and uncertainties that the Parent Company and its subsidiaries are facing.

Nacka, Sweden, October 25, 2024

Helena Hedblom
President and CEO, Epiroc AB

Condensed segments quarterly

Epiroc has two reporting segments; Equipment & Service and Tools & Attachments. In addition, Epiroc reports common Group functions, including Financial Solutions, Group Management, support functions and eliminations.

As from January 1, 2024, Epiroc will not include orders on hand (order book) in orders received when acquiring companies. The previously reported orders received in the first quarter 2023 of MSEK 15 148 included orders on hand from acquired companies of MSEK 433. Figures in this report have been restated, unless otherwise stated. The table below has not been restated.

	2023				2023	2024

Adjusted operating margin, %	23.0	21.6	21.8	20.7	21.7	20.4	19.7	19.7

* Items affecting comparability are shown with reverse sign. I.e. a positive number indicates a cost and vice versa.

- In Q3, Equipment & Service included items affecting comparability of net MSEK 208 (positive revaluation effect of the shares held prior to the acquisition of ASI Mining MSEK +554 and impairments of intangible assets related to acquisitions of MSEK -346).

- In Q2, Equipment & Service included items affecting comparability of MSEK -142 (earn-out for the acquisition of RCT of MSEK -73 and restructuring costs of MSEK -69). Tools & Attachments included items affecting comparability of MSEK -165 (transaction and integration costs for acquisitions of MSEK -130 and restructuring costs of MSEK -35).

- In Q1 2024, Tools & Attachments included items affecting comparability of MSEK -125, which was transaction costs related to acquisitions.

** Change in provision for long-term incentive programs is reported as administrative expenses.

Geographical distribution of orders received

As from January 1, 2024, Epiroc will not include orders on hand (order book) in orders received when acquiring companies. The previously reported orders received in the first quarter 2023 of MSEK 15 148 included orders on hand from acquired companies of MSEK 433. Figures in this report have been restated, unless otherwise stated. The tables below have not been restated.

Group notes

Note 1: Accounting principles

The interim report is prepared in accordance with IAS 34 Interim financial reporting. The accounting principles applied in the preparation of this interim report apply to all periods and comply with the accounting principles presented in the Annual and Sustainability Report 2023. No new and revised standards and interpretations effective from January 1, 2024, are considered to have any material impact on the financial statements.

Accounting principles of the Parent Company

The interim financial statements of Epiroc AB have been prepared in accordance with the Swedish Annual Accounts Act and the recommendation RFR 2, Accounting for Legal Entities, issued by the Swedish Financial Reporting Board. The accounting principles applied in the preparation of this interim report apply to all periods and comply with the accounting principles presented in the Annual and Sustainability Report 2023, note A1 in the Parent Company accounts. No new and revised standards and interpretations effective from January 1, 2024, are considered to have any material impact on the Parent Company's financial statements.

Note 2: Acquisitions and divestments

2023 Feb 2	CR		T&A	1 700	400
2023 Feb 2	Mernok Elektronik (Pty) Ltd		E&S	50	45

The table presents annual revenues in MSEK and employees at the time of the acquisition.

Acquisitions completed in 2024

- Stanley Infrastructure** designs, manufactures, and sells attachments, typically used on excavators, and handheld hydraulic and battery-powered tools for applications in infrastructure, construction, scrap recycling, deconstruction, and railroad infrastructure. Its strong and innovative brands include LaBounty, Paladin, Pengo and Dubuis. The acquisition strengthens Epiroc's presence especially in the United States. Stanley Infrastructure had revenues in 2023 of MUSD 447 (MSEK 4 725), an adjusted EBITA margin of 16% and 1 380 employees. The acquisition was announced on December 15, 2023, and was completed on April 1, 2024. Revenues from the acquisition are reported in "Tools & Attachments". The purchase price (Enterprise Value) amounted to MUSD 760 (MSEK 8 200) and is mainly allocated to intangible assets and goodwill. The acquisition was an all-cash transaction. The acquisition will dilute the Group's and the Tools & Attachments' full year 2024 adjusted EBITA margins with approximately 0.6-0.8 and 1.6-1.8 percentage points respectively. Integration and transaction costs amounted to MSEK -255 in the first nine months 2024 (booked in Q1 and Q2).
- Weco Proprietary Limited** manufactures precision-engineered rock drilling parts and provides related repairs and services in the Southern African region. The company has approximately MSEK 90 in annual revenues and 80 employees. The acquisition was announced on December 12, 2023, and was completed on May 3, 2024. Revenues from the acquisition are reported in "Service".

- **Yieldpoint** designs, manufactures and sells advanced digital geotechnical instruments, and has customers worldwide. The products, which include ground movement sensors and telemetry solutions, are primarily used for underground mining, tunnelling, and civil construction applications. The company has 10 employees. The acquisition was announced on May 28 and was completed on June 17. Revenues from the acquisition are reported in “Tools & Attachments”.
- **ASI Mining** (new product name: LinkOA) provides mining automation systems, such as remote control, teleoperation, and fully autonomous solutions. Its solutions are OEM agnostic, meaning they work regardless of machine brand and fit well for mixed fleets. The company has approximately MSEK 300 in annual revenues. Epiroc already owned 34% of ASI Mining, which it acquired in 2018. The acquisition of the remaining 66% of the company was completed on July 3. Revenues from the acquisition are reported in “Equipment”. The transaction has led to a positive revaluation effect of the ownership held prior to the acquisition in the segment Equipment & Service. The gain has been reported as an item affecting comparability of MSEK +554 in the third quarter 2024.
- **ACB+** manufactures attachments and quick couplers used on excavators for construction as well as related areas such as scrap recycling and deconstruction. Quick couplers are used with carriers, typically excavators, to enable safe and efficient change of attachments, such as buckets and hydraulic tools. The company is market leading in France and has customers throughout Europe. The company has approximately MSEK 325 in annual revenues and 140 employees. Revenues from the acquisition are reported in “Tools & Attachments”.

Financial effect of acquisitions as per September 30, 2024

The completed acquisitions have had a total cash flow effect of MSEK 9 025. According to the preliminary purchase price allocation, intangible assets amount to MSEK 3 063 and goodwill amounts to MSEK 5 786. The acquired entities during 2024 have contributed to revenues with MSEK 1 887 and operating profit with MSEK 41 since the respective dates of acquisition.

Fair value of acquired assets and liabilities 2024, MSEK	whereof Stanley	
Net assets identified including tax	1 276	1 407
Intangible assets	3 063	2 559
Goodwill	5 786	4 014
Total consideration	10 125	7 980
Net cash outflow	9 025	7 944
- related to prior years acquisitions	349	

Note 3: Fair value of derivatives, earn-out and borrowings

The carrying value and fair value of the Group's outstanding derivatives, earn-out and borrowings are shown in the tables below. The fair values of bonds are based on level 1, the fair values of derivatives and other loans are based on level 2 and the fair values of earn-out are based on level 3 in the fair value hierarchy. Compared to 2023, no transfers have been made between different levels in the fair value hierarchy and no significant changes have been made to valuation techniques, inputs or assumptions.

Several key figures in this report are not defined according to IFRS. The alternative performance measures are marked with a *. They provide complementary information aiming to help readers to analyze the company's operations and facilitate an evaluation of the performance. Since not all companies calculate financial performance measures in the same manner, these are not always comparable with measures used by other companies. These financial performance measures should therefore not be regarded as a replacement for measures as defined according to IFRS. For a list of financial definitions, non-IFRS measures and calculations, visit the Epiroc Group website.

Epiroc in brief

Epiroc is a global productivity partner for mining and construction customers, and accelerates the transformation toward a sustainable society. With ground-breaking technology, Epiroc develops and provides innovative and safe equipment, such as drill rigs, rock excavation and construction equipment and tools for surface and underground applications. The company also offers world-class service and other aftermarket support as well as solutions for automation, digitalization and electrification. Epiroc is based in Stockholm, Sweden, had revenues of more than SEK 60 billion in 2023, and has around 19 000 passionate employees supporting and collaborating with customers in around 150 countries.

Financial goals

- To achieve annual revenue growth of 8% over a business cycle and to grow faster than the market. Growth will be organic and supported by selective acquisitions.
- To have an industry-best operating margin, with strong resilience over the cycle.
- To improve capital efficiency and resilience. Investments and acquisitions shall create value.
- To have an efficient capital structure and the flexibility to make selective acquisitions. The goal is to maintain an investment grade rating.
- To provide long-term stable and rising dividends to its shareholders. The dividend should correspond to 50% of net profit over the cycle.

Sustainability ambition and KPIs

Epiroc has four prioritized areas within sustainability:

- We live by the highest ethical standards.
- We invest in safety and health.
- We grow together with passionate people and courageous leaders.
- We use resources responsibly and efficiently.

For each area there are several targets and key performance indicators, including the long-term goals for 2030 that further advance the Group's ambitions on e.g. climate change and diversity.

Our vision

Dare to think new.

Our mission

Drive the productivity and sustainability transformation in our industry.

Our core values

Innovation, Commitment and Collaboration.

Strategy

By being in attractive niches and prioritizing innovation, aftermarket and operational excellence, we strive to achieve outperformance. Our success is reinforced by our strong company culture and our integrated approach to sustainability.

Our investment case

- We focus on attractive niches with structural growth.
- We drive the productivity and sustainability transformation in our industry.
- We have a high proportion of recurring business.
- We have a well-proven business model.
- We create value for our stakeholders.
- Our success is based on sustainability and a strong corporate culture.

About this report

Forward-looking statements

Some statements in this report are forward looking, and the actual outcomes could be materially different. In addition to the factors explicitly discussed, other factors could have a material effect on the actual outcomes.

Language

In the event of inconsistency or discrepancy between the English and the Swedish version of this publication, the Swedish version shall prevail.

Totals and roundings

Totals quoted in tables and statements may not always be the exact sum of the individual items because of rounding differences. The aim is that each line item should correspond to its source, and rounding differences may therefore arise.

This information is information that Epiroc AB is obliged to make public pursuant to the EU Market Abuse Regulation. The information was submitted for publication, through the agency of the contact persons on the next page, at 08:00 CEST on October 25, 2024.
